Dal 1956, Ceramica Valsecchia interpreta la ceramica come cultura del progetto, ricerca materica e passione manifatturiera. Una storia nata nel cuore del distretto sassolese e cresciuta attraverso innovazione, esperienza e attenzione costante alla qualità.

Da 70 anni trasformiamo materia e visione in superfici pensate per durare nel tempo e dialogare con l'architettura contemporanea.

100% ITALIAN FACTORY 

Since 1956, Ceramica Valsecchia has combined ceramic tradition, material research and manufacturing expertise. A story rooted in the Sassuolo district and shaped by innovation, experience and an uncompromising focus on quality.

For 70 years, we have been transforming materials and vision into surfaces designed to stand the test of time and enhance contemporary architecture.

START UP THE DIFFERENCE

Candy

Il richiamo all'eleganza dei mattoncini vintage emerge nel formato compatto, ma è la palette colori raffinata e contemporanea, insieme alla superficie glossy leggermente strutturata, a esaltarne ogni sfumatura.

Una collezione ideale per chi desidera trasformare i propri spazi con un tocco unico e originale, rendendoli autentici e indimenticabili.

START UP THE DIFFERENCE

The reference to the elegance of vintage bricks emerges in the compact format, but it is the refined and contemporary color palette, along with the slightly textured glossy surface, that enhances every nuance.

An ideal collection for those who want to transform their spaces with a unique and original touch, making them authentic and unforgettable.

DÉMARRER LA DIFFÉRENCE

Le renvoie à l'élégance des briques vintage émerge grâce au format compact et grâce aussi à la palette des couleurs raffinées et contemporaines. La surface brillante, légèrement structurée met en valeur chaque teinte.

Une collection idéale pour ceux qui souhaitent transformer leurs espaces avec une touche unique et originale en les rendant authentiques et inoubliables.

DEN UNTERSCHIED AUSMACHEN

Die Anlehnung an die Eleganz der alten Ziegelsteine zeigt sich im kompakten Format, aber es ist die raffinierte und zeitgemäße Farbpalette, zusammen mit der leicht strukturierten, glänzenden Oberfläche, die jede Nuance hervorhebt.

Eine ideale Kollektion für alle, die ihren Räumen einen einzigartigen und originellen Touch verleihen wollen, der sie authentisch und unvergesslich macht.

DESIGNED TO SHINE. BORN TO STAND OUT.

Calypso

Calypso è un viaggio sensoriale tra atmosfere raffinate, pensato per chi cerca un decoro intenso ed equilibrato tra artigianalità e design.

Due progetti, un'unica anima creativa:
Bombay, carattere floreale d'ispirazione orientale.
Mex, personalità geometrica e contemporanea.

The Calypso line is a sensory journey through refined atmospheres, designed for those seeking a bold yet balanced blend of craftsmanship and design.

Two collections, one creative vision: **Bombay**, featuring an oriental-inspired floral motif; **Mex**, with a geometric and contemporary aesthetic.

La gamme Calypso est un voyage sensoriel à travers des ambiances raffinées, conçue pour ceux qui recherchent un décor intense et équilibré, alliant artisanat et design.

Deux collections, une seule âme créative : **Bombay**, un motif floral d'inspiration orientale ; **Mex**, une personnalité géométrique et contemporaine.

Calypso ist eine sinnliche Reise durch raffinierte Atmosphären, konzipiert für alle, die ein ausdrucksstarkes Dekor suchen, das Handwerkskunst und Design harmonisch vereint.

Zwei Entwürfe, eine kreative Seele: **Bombay**, ein florales Motiv mit orientalischem Flair. **Mex**, eine geometrische und zeitgemäße Gestaltung.

VINTAGE ATTITUDE

Cementine

Trasversale alle mode, al tempo ed ai luoghi, Cementine
è l'anima vintage dallo spirito contemporaneo...
da abbinare, mixare in totale libertà.

Protagonisti pattern e grafismi raffinati, in
due nuance dai toni morbidi warm e cold,
permettono di creare un ambiente dotato di forte
personalità, accogliente e soprattutto unico.

**VINTAGE ATTITUDE**

Evergreen and thus fashion-proof, time-proof and location-proof, Cementine is the vintage soul of the contemporary spirit... to be mixed and matched in total freedom. Starring sophisticated patterns and graphics, in two colours with soft, warm and cold hues, they are designed to create a setting oozing a strong, welcoming and especially unique personality.

ATTITUDE D'ÉPOQUE

Toujours d'actualité, donc transversale au temps, aux modes, et aux emplacements, Cementine est l'âme d'époque à l'esprit contemporain... à combiner et à mélanger en toute liberté. Le rôle principal est joué par les motifs et les graphismes raffinés, en deux nuances aux tons doux de chaud et froid, qui permettent la création d'une ambiance dotée d'une forte personnalité accueillante et surtout unique.

VINTAGE ATTITUDE

Evergreen, zeitlos und für jeden Ort geeignet. Cementine ist die Vintage-Seele mit zeitgenössischem Geist. Für vielfältige Kombinationsfreiheit. Hauptdarsteller sind raffinierte Muster und grafische Designs in zwei weichen Farbnuancen (Warm und Cold). Für ausdrucksstarke, einladende und einzigartige Ambiente.

VINTAGE D'EFFETTO

Cementine home

La contaminazione tra l'effetto legno ed i patterns delle Cementine ridefinisce i ritmi ed i volumi di uno spazio dal forte impatto visivo, restituendo l'anima della casa.

I toni naturali che attraversano i grafismi formano una palette colori armoniosa, sia nei toni caldi che freddi, in grado di esaltare ogni contesto abitativo.

**HIGH-IMPACT VINTAGE**

The cross-contamination between the wood look and the patterns of the Cementine tiles redefines the rhythms and volumes of a space with a strong visual impact, giving the home back its soul.

The natural hues that pervade the graphics constitute a harmonious colour palette, in both warm and cold tones, capable of enhancing any domestic context.

VINTAGE À EFFET

La contamination entre l'effet bois et les motifs du carrelage Cementine redéfinit les rythmes et les volumes d'un espace au fort impact visuel, en restituant l'âme du foyer.

Les tonalités naturelles qui parcourent les graphismes forment une palette harmonieuse de couleurs, dans les tonalités chaudes et froides, en mesure d'exalter tous les espaces de logement.

VINTAGE MIT EFFEKT

Der Mix aus Holz-Effekt und den Motiven der Cementine Fliesen definiert die Rhythmen und Volumen eines äußerst ausdrucksstarken Raumes neu, der die Seele des Hauses widerspiegelt.

Die natürlichen Töne der Grafiken bilden eine harmonische Farbpalette von sowohl warmen als auch kühlen Noten, die den Charakter jedes Wohnumfelds unterstreichen.

RIEVOCAZIONI DI STILE

Cementine paint

Superfici dalle sfumature avvolgenti, accostate in stile patchwork, intrecciano la linearità delle forme geometriche ai decori floreali per uscire da ogni schema e rendere irresistibile ogni spazio abitativo.

Due le declinazioni cromatiche mettono in luce piccole graffiature, segni di uno stile retrò inconfondibile, per interpretare la tradizione con originalità.

COMMEMORATIONS OF STYLE

Surfaces with enveloping shades, placed side-by-side like patchwork, intertwine the linearity of the geometric shapes with the flowery decorations to break away from the mould and make every domestic space irresistible. Two shades of colour highlight small scratches, signs of an unmistakable retro style, to interpret tradition with originality.

COMMÉMORATIONS DE STYLE

Des surfaces aux nuances enveloppantes, assorties style patchwork, s'entrelacent avec la linéarité des formes géométriques aux décors floraux pour sortir des schémas et rendre tout espace domestique irrésistible. Deux déclinaisons chromatiques mettent en évidence de petites égratignures, signes d'un style rétro inimitable, pour interpréter la tradition de façon originale.

NEUE STILINTERPRETATIONEN

Oberflächen mit schmeichelnden Farbnuancen, nebeneinander im Patchwork-Stil, treffen auf die Klarheit geometrischer Formen mit floralen Dekors und sorgen für ein faszinierendes häusliches Ambiente. Zwei Farbtöne betonen leichte Kratzer als Zeichen eines unverwechselbaren Retro-Stils. So trifft Tradition auf Ursprünglichkeit.

MATERIA, LUCE, SPAZIO

Lithos

Ci sono superfici che rivestono uno spazio e
superfici che ne definiscono il carattere.

Lithos è questo: un luogo d'incontro tra natura e progetto.

Una superficie che unisce la forza silenziosa della pietra alla
purezza essenziale del design contemporaneo, trasformando la
materia in un linguaggio fatto di equilibrio, luce e proporzione.

Venature delicate e sfumature morbide dialogano
con l'architettura, creando superfici senza tempo che
valorizzano gli spazi con naturale eleganza.

MATERIAL, LIGHT, SPACE

There are surfaces that simply
cover a space, and surfaces
that define its character. Lithos
is just that: a meeting point
between nature and design.

A surface that combines
the quiet strength of stone
with the essential purity
of contemporary design,
transforming the material into a
language of balance, light, and
proportion. Delicate veining
and soft nuances interact with
the architecture, creating
timeless surfaces that enhance
spaces with natural elegance.

MATIÈRE, LUMIÈRE, ESPACE

Il existe des surfaces qui
habillent un espace et d'autres
qui en définissent le caractère.

Lithos incarne cela : un lieu
de rencontre entre la nature
et la création. Une surface qui
allie la force silencieuse de la
pierre à la pureté essentielle
du design contemporain,
transformant la matière en
un langage fait d'équilibre,
de lumière et de proportions.

Des veines délicates et des
nuances douces dialoguent
avec l'architecture, créant des
surfaces intemporelles qui
mettent en valeur les espaces
avec une élégance naturelle.

MATERIE, LICHT, RAUM

Es gibt Oberflächen, die einen
Raum verkleiden, und Oberflächen,
die seinen Charakter prägen.

Lithos ist genau das: ein Ort
der Begegnung zwischen Natur
und Design. Eine Oberfläche,
die die stille Kraft des Steins
mit der essentiellen Reinheit
zeitgenössischen Designs
vereint und das Material in eine
Sprache aus Gleichgewicht, Licht
und Proportionen verwandelt.
Zarte Maserungen und sanfte
Farbnuancen treten in einen
Dialog mit der Architektur und
schaffen zeitlose Oberflächen,
die Räume mit natürlicher
Eleganz zur Geltung bringen.

SFUMATURE CHE TRASFORMANO
LA MATERIA IN ARTE

Stardust

Grazie a finiture uniche e dettagli ricercati, questa serie in gres porcellanato unisce la resistenza del materiale a un'estetica raffinata, perfetta per progetti di interior design moderni e esclusivi. Il look contemporaneo è esaltato dai riflessi metallici nelle tonalità scure. Le superfici materiche, in perfetto equilibrio tra semilucido e matt, creano giochi di luce e ombre suggestivi, dando vita a spazi dinamici e affascinanti.

SHADES THAT TRANSFORM THE MATERIAL INTO ART

Through unique finishes and sophisticated details, this porcelain series combines the material's durability with a sophisticated aesthetic, perfect for modern and exclusive interior design projects. The contemporary look is enhanced by metallic reflections in dark tones. The textured surfaces, in perfect balance between semi-gloss and matt, create striking plays of light and shadow, creating dynamic and fascinating spaces.

DES TEINTES QUI TRANSFORMENT LE MATÉRIAU EN ART.

Grâce à des finitions uniques et à des détails sophistiqués, cette série de porcelaine allie la durabilité du matériau à une esthétique raffinée, parfaite pour les projets de décoration intérieure modernes et exclusifs. L'aspect contemporain est rehaussé par des reflets métalliques dans des tons sombres. Les surfaces texturées, en parfait équilibre entre le semi-brillant et le mat, créent des jeux d'ombre et de lumière saisissants, créant des espaces dynamiques et fascinants.

SCHATTIERUNGEN, DIE DAS MATERIAL IN KUNST VERWANDELN.

Durch einzigartige Oberflächen und raffinierte Details verbindet diese Porzellanserie die Beständigkeit des Materials mit einer anspruchsvollen Ästhetik, die sich perfekt für moderne und exklusive Einrichtungsprojekte eignet. Der zeitgenössische Look wird durch metallische Reflexe in dunklen Tönen verstärkt. Die strukturierten Oberflächen, in perfekter Balance zwischen halbgläzend und matt, erzeugen eindrucksvolle Licht- und Schattenspiele, die dynamische und faszinierende Räume schaffen.

DECORARE CON PERSONALITÀ

Wall-On

Immerso nell'essenza contemporanea, Wall-On è un rivestimento in gres porcellanato che incarna l'estetica raffinata della carta da parati con un tocco industrial-chic. Toni soft si intrecciano con motivi geometrici e floreali quasi impercettibili, conferendo carattere alla superficie. La particolare finitura, che alterna lucido e opaco, aggiunge sensazioni materiche di straordinaria ricercatezza.

Un equilibrio estetico che si integra armoniosamente con altre serie disponibili, per sperimentare suggestioni progettuali di pregio in contesti sia pubblici che residenziali.

DECORATE WITH PERSONALITY

Steeped in contemporary essence, Wall-On is a porcelain wall tile that embodies the refined aesthetic of wallpaper with an industrial-chic touch.

Smooth designs blend with almost imperceptible geometric and floral patterns, giving character to the surface.

The unique finish, which alternates gloss and matte, enhances material sensations of extraordinary preciousness.

An aesthetic balance that harmoniously complements other available series to experiment with fine design suggestions in both public and residential destinations.

DÉCORER AVEC PERSONNALITÉ

Immergé dans l'essence contemporaine, Wall-On est un carrelage mural en gres ceramique qui incarne l'esthétique raffinée du papier peint avec une touche industrielle-chic.

Les tons lisses se mêlent à des motifs géométriques et floraux presque imperceptibles, ce qui donne du caractère à la surface. La finition spéciale, qui alterne le brillant et le matt, ajoute des sensations concrètes d'une extraordinaire recherche.

Un équilibre esthétique qui complète harmonieusement les autres séries disponibles pour expérimenter des suggestions de design raffinées dans les lieux publics et résidentiels.

DEKORIEREN MIT PERSÖNLICHKEIT

Wall-On ist eine Wandfliese aus Porzellan, die die raffinierte Ästhetik der Tapete mit einem Hauch von industriellem Schick verkörpert, und die sich durch ihr modernes Wesen auszeichnet.

Sanfte Töne verschmelzen mit fast unmerklichen geometrischen und floralen Mustern, die der Oberfläche Charakter verleihen. Die besondere Oberfläche, die abwechselnd glänzend und matt ist, verleiht dem Material ein Gefühl von außergewöhnlicher Kostbarkeit.

Ein ästhetisches Gleichgewicht, das sich harmonisch mit den anderen erhältlichen Serien ergänzt, um sowohl im öffentlichen als auch im privaten Bereich mit schönen Designvorschlägen zu experimentieren.

L'INDUSTRIAL DALL'ANIMA VINTAGE

Recover

Non convenzionale, affascina con il suo carattere deciso e si presta a contaminazioni inaspettate.

L'effetto cemento nelle sue imperfezioni ricreate ad hoc si fa interprete di spazi abitativi in e outdoor dallo stile vissuto e minimalista in perfetta continuità.

Un mix che ritrova la sua essenza su una superficie morbida, in equilibrio tra matericità e varietà cromatiche.

AN INDUSTRIAL LOOK WITH A VINTAGE SPIRIT

Unconventional, with a bold identity always sure to grab all the attention, it can be used to create unexpected contaminations.

Its blemishes are recreated purposely to generate a look resembling real concrete that blends in seamlessly with all kinds of indoor and outdoor residential spaces, imbuing them with a lived-in yet minimalist vibe.

A mix that comes into its own on a soft surface, in a balance between texture and a variety of colours.

LE STYLE INDUSTRIEL AVEC L'ÂME VINTAGE

Non conventionnel, il fascine grâce à son caractère décidé et se prête à des contaminations inattendues.

L'effet BETON avec ses imperfections recréées ad hoc interprète des espaces intérieurs et extérieurs au style concret et minimaliste parfaitement assorti.

Une combinaison qui retrouve son essence sur une surface douce, en équilibre entre matière et variétés chromatiques.

INDUSTRIAL LOOK MIT VINTAGECHARAKTER

Unkonventionell fasziniert dieser Look mit seiner Klarheit und bietet Möglichkeiten, unerwartete Kontaminierungen zu erzeugen.

Der Beton-Effekt mit seinen beabsichtigten optischen Makeln fügt sich perfekt in Wohn- und Outdoorbereiche ein und verleiht diesen einen gelebten und minimalistischen Stil.

Ein Mix, dessen Essenz sich in einer weichen Oberfläche wiederfindet, die Materialität und Farbvielfalt ausgleicht.

COMFORT MINIMALISTA

Galaxy

Unisce l'espressività minimal, raffinata e trendy, ad una superficie dal tocco setoso che avvolge gli spazi.

Galaxy interpreta l'abitare in stile moderno con la sua gamma cromatica ispirata ai toni neutri dei cementi naturali: dal bianco all'antracite, passando per il grigio e dal beige al taupe la parola d'ordine è personalizzare con carattere.

**MINIMALIST COMFORT**

The perfect combination of minimal, sophisticated and trendy expressiveness with a silky-smooth surface that envelops its surroundings.

Galaxy interprets modern lifestyles with its range of colours, inspired by the neutral hues of natural concrete: from white to anthracite, as well as grey, beige and taupe, the catchphrase is customising with character.

CONFORT MINIMALISTE

Quand l'expressivité minimaliste, raffinée et tendance, s'unit à une surface au toucher soyeux pour choyer les espaces.

Galaxy interprète le foyer en style moderne, avec sa gamme chromatique qui s'inspire des tons neutres des ciments naturels : du blanc à l'antracite en passant par le gris, et du beige au taupe, le mot d'ordre est : personnaliser tout en donnant du cachet.

MINIMALISTISCHER KOMFORT

Verbindet minimale, raffinierte und trendige Ausdruckskraft mit einer seidigen Oberfläche, die Räume umhüllt

Galaxy interpretiert das Wohnen in einem modernen Stil mit einer Farbpalette, die von neutralen Tönen natürlichen Zements inspiriert ist: von Weiß über Anthrazit, Grau und Beige bis hin zu Taupe lautet die Devise Personalisierung mit Charakter.

ATTITUDINE URBAN

City

Da materiali naturali nasce l'ispirazione per la collezione City, gres porcellanato dalle superfici striate, proposto in un'ampia gamma di formati e decori.

Le 6 tonalità colore assecondano gli amanti dello stile più contemporaneo, dove la neutralità è protagonista di un'eleganza minimal. Un viaggio metropolitano per imprimere carattere agli ambienti sia in uso residenziale che commerciale.

URBAN FLAIR

Natural materials are the source of inspiration for the City collection, in porcelain with linear surfaces, available in an wide range of sizes and decorations. The 6 shades of colour accommodate the tastes of more contemporary style fans, where neutrality boom in a minimal elegance. A metropolitan journey to give character to both residential and commercial settings.

UNE TOUCHE URBAINE

Les matériaux naturels sont la source d'inspiration de la collection City, en grès cérame aux surfaces striées, disponible dans une vaste gamme de tailles et de décorations. Les 6 nuances de couleur répondent aux goûts des amateurs de style plus contemporain, où la neutralité est la vedette d'une élégance minimale. Un parcours métropolitain pour donner du caractère aux espaces résidentiels et commerciaux.

URBAN GEFÜHL

Natürliche Materialien sind die Inspirationsquelle für die Kollektion City aus Feinsteinzeug mit gestreifter Oberfläche, die in einer breiten Palette von Größen und Dekoren erhältlich ist. Die 6 Farbnuancen entsprechen dem Geschmack der Liebhaber eines zeitgenössischen Stils, bei dem die Neutralität mit einer minimalen Eleganz im Vordergrund steht. Eine großstädtische Reise, die sowohl Wohn- als auch Geschäftsräumen Charakter verleiht.

BE YOUR LAND

Texas

Texas non è solo gres porcellanato: è materia
che scalda, che racconta storie.

Ispirata ai paesaggi senza tempo e ai colori caldi della
terra, Texas riporta la materia alle origini. Superfici
che accolgono, ispirano e durano nel tempo.

Ogni elemento racconta la stessa storia di autenticità e calore,
adattandosi con armonia a ogni progetto sia indoor che outdoor.

Texas is not just porcelain: it is a material that warms, that tells stories. Inspired by timeless landscapes and the warm colors of the earth, Texas brings the material back to its origins. Surfaces that welcome, inspire, and stand the test of time. Each element tells the same story of authenticity and warmth, adapting harmoniously to any indoor or outdoor project.

Texas n'est pas seulement du grès cérame : c'est une matière qui réchauffe, qui raconte des histoires. Inspirée par les paysages intemporels et les couleurs chaudes de la terre, Texas ramène la matière à ses origines. Des surfaces accueillantes, inspirantes et durables. Chaque élément raconte la même histoire d'authenticité et de chaleur, s'adaptant harmonieusement à tous les projets, tant à l'intérieur qu'à l'extérieur.

Texas ist nicht nur Feinsteinzeug: Es ist ein Material, das Wärme ausstrahlt und Geschichten erzählt. Inspiriert von zeitlosen Landschaften und den warmen Farben der Erde, bringt Texas das Material zurück zu seinen Ursprüngen. Oberflächen, die einladen, inspirieren und lange halten. Jedes Element erzählt dieselbe Geschichte von Authentizität und Wärme und fügt sich harmonisch in jedes Projekt im Innen- und Außenbereich ein.

TRADIZIONE CHE CONQUISTA

Etruria

Etruria, lo stile che supera il tempo, porta con sé i colori della storia e diffonde sensazioni uniche.

Il grès effetto cotto rinnova il fascino della tradizione attraverso le mille sfumature tra il rosso e l'avorio ed aggiunge una nota di contemporaneità nella declinazione antracite.

TRADITION THAT CONQUERS

Etruria, style that surpasses time, bringing the colours of history with it, and disseminating unique sensations. The terracotta look stoneware renovates the charm of tradition through the thousands of colour shades ranging from red to ivory, adding a note of contemporary appeal in the anthracite variant.

LA TRADITION QUI CONQUIERT

Etruria, le style qui dépasse le temps, renferme les couleurs de l'histoire et diffuse des sensations uniques. Le grès effet terre cuite renouvelle le charme de la tradition avec ses mille nuances entre le rouge et l'ivoire et ajoute une note d'actualité dans la version anthracite..

TRADITION, DIE EROBERT

Etruria. Ein Stil, der Zeiten überwindet, sich in den Farben der Geschichte präsentiert und einzigartige Empfindungen beschert. Steingut in Terracotta-Optik erneuert die Faszination der Tradition über die unzähligen Nuancen von Rot und Elfenbein und verleiht der Anthrazit-Variante eine zeitgenössische Note.

GREEN VISION

Springwood

In Springwood convivono i segni del tempo e l'equilibrio
di una natura in continuo mutamento.

Un mood senza stagioni né confini che sprigiona tutta la sua energia
espressiva nell'intensità cromatica, tra venature e nodi tipici del rovere.

Una serie ricca di personalità, in quattro declinazioni colore
per interpretare stili diversi e atmosfere rilassanti.

In Springwood, the signs of
time and the balance of an
ever-changing nature coexist.

A mood without seasons or
boundaries that unleashes all
its expressive energy in the
chromatic intensity, between
veins and knots typical of oak.

A series rich in personality,
in four color declinations
to interpret different styles
and relaxing atmospheres.

À Springwood, les traces du
temps côtoient l'équilibre d'une
nature en constante évolution.

Une ambiance sans saison ni
frontière qui dégage toute
son énergie expressive
à travers l'intensité des
couleurs, entre les veines et
les nœuds typiques du chêne.

Une collection pleine de
personnalité, déclinée en
quatre coloris pour s'adapter
à différents styles et créer
des ambiances apaisantes.

In Springwood vereinen sich
die Spuren der Zeit mit der
Ausgewogenheit einer sich
ständig wandelnden Natur.

Eine Stimmung ohne
Jahreszeiten und Grenzen, die
ihre ganze Ausdruckskraft in
der Farbintensität entfaltet,
zwischen den für Eiche
typischen Maserungen
und Astlöchern.

Eine Serie voller Charakter,
in vier Farbvarianten,
um unterschiedliche
Stile und entspannende
Atmosphären zu schaffen.

SHAPES OF INFINITY

Space

Space ti invita a vivere il tuo spazio come un viaggio continuo, dove si incontrano bellezza e solidità.

Immagina di percorrere un sentiero tra antiche formazioni rocciose, dove ogni passo è guidato da una bellezza naturale e senza tempo.

Sfumature profonde come le ombre delle rocce al tramonto, trasformano ogni ambiente esterno in un paesaggio che respira eleganza e serenità.

**SHAPES OF INFINITY**

Space invites you to experience your space as a continuous journey, where beauty and solidity meet. Imagine walking a path among ancient rock formations, where every step is guided by natural and timeless beauty.

Deep hues, as rich as the shadows cast by rocks at sunset, transform any outdoor space into a landscape that exudes elegance and serenity.

LES FORMES DE L'INFINI

Space vous invite à vivre votre espace comme un voyage continu, où beauté et solidité se rencontrent. Imaginez que vous marchez sur un sentier au milieu de formations rocheuses anciennes, où chaque pas est guidé par une beauté naturelle et intemporelle.

Des nuances profondes, telles les ombres des rochers au coucher du soleil, transforment chaque espace extérieur en un paysage qui respire l'élégance et la sérénité.

FORMEN VON UNENDLICHKEIT

Space lädt dich ein, deinen Raum als eine fortwährende Reise zu erleben, auf der Schönheit und Beständigkeit aufeinander treffen. Stell dir vor, du wanderst auf einem Pfad zwischen uralten Felsformationen, wo jeder Schritt von einer natürlichen und zeitlosen Schönheit geleitet wird. Tiefe Farbtöne, so wie die Schatten der Felsen bei Sonnenuntergang, verwandeln jeden Außenbereich in eine Landschaft, die Eleganz und Gelassenheit ausstrahlt.

VARIABLE, D'ORIGINE

Barge

Ispirata alla quarzite più pregiata, Barge unisce tutta la bellezza della pietra naturale alle prestazioni tecniche. Le tonalità calde dal beige all'arancio, si incontrano con i toni freddi dei bianchi e grigi per ricreare la perfetta armonia dei colori tipici della pietra.

Grande varietà di effetti grafici, puntature, linee marcate convivono su una superficie materica, chiave espressiva di outdoor unici, tutti da vivere.

VARIABLE, ORIGINALLY

Inspired by the most prized quartzite, Barge combines all the beauty of natural stone with superior technical performance levels. The warm shades of beige and orange come together with cold tones of white and grey to pursue the perfect blend of colours typical of the original stone.

A huge variety of graphic effects and marked lines coexist on a textured surface, the expressive feature of unique outdoor settings, to be enjoyed to the full.

VARIABLE, ORIGINALE

Inspirée du quartzite le plus précieux, Barge allie toute la beauté de la pierre naturelle aux performances techniques. Les tonalités chaudes du beige et de l'orange se marient aux tons froids des blancs et des gris pour recréer l'harmonie parfaite des couleurs typiques de la pierre originale.

Une grande variété d'effets graphiques et des lignes accentuées cohabitent sur une surface matérielle, qui est la clé expressive pour des espaces extérieurs uniques, à vivre pleinement.

VARIABEL, URSPRÜNGLICH

Inspiriert durch wertvollsten Quarzit vereint Barge die vollkommene Schönheit von Naturstein mit herausragenden technischen Leistungen. Die warmen Beige- und Orangetöne treffen auf kühle Weiß- und Grautöne und erzeugen damit die perfekte Farbharmonie von ursprünglichem Stein.

Vielfältigste grafische Effekte und starken Linien vereinen sich mit strukturierter Oberfläche als Ausdruck einzigartiger Gestaltungsmöglichkeiten für Außenbereiche.

METAMORFOSI CRISTALLINA

Dolomite

Una serie ispirata alle rocce chiare, aride e brulle delle Dolomiti, ricche di storia, mutazioni morfologiche e misteriosi riflessi lunari.

Tratti riconoscibili sulla superficie tra rilievi e venature, in una perfetta combinazione di luce, spazio e materia per dare forma ad esterni di grande armonia ed equilibrio.

CRYSTALLINE METAMORPHOSIS

A series inspired by the pale, arid and bare rocks of the Dolomites, packed with history, morphological changes and mysterious lunar reflections.

These features can be recognised on the surface, amid the reliefs and the veins, in a perfect combination of light, space and matter, giving rise to extremely graceful and balanced exteriors.

MÉTAMORPHOSE CRISTALLINE

Une série qui s'inspire aux rochers clairs, arides et nus des Dolomites, riche en histoire, en mutations morphologiques et en reflets mystérieux lunaires.

Ces traits sont reconnaissables sur la surface, entre les reliefs et les veinages, dans une combinaison parfaite de lumière, d'espace et de matière, pour donner lieu à des revêtements extérieurs de grande harmonie et très équilibrés.

KRISTALLINE METAMORPHOSE

Eine Serie, inspiriert vom hellen, trockenen und kargen Fels der Dolomiten. Reich an Geschichte, morphologischen Veränderungen und mysteriös anmutenden Reflexionen des Mondlichts.

Diese Merkmale zeigen sich auf der Oberfläche zwischen Reliefs und Maserungen, in einer perfekten Kombination von Licht, Raum und Materie. Für besondere Harmonie und Ausgewogenheit in Außenbereichen.

ACCOGLIENTE COME IL LEGNO

Smart

L'eleganza ed il calore del legno ispirano la serie Smart per ricreare spazi di autentica naturalezza su terrazzi, balconi, vialetti o circoscritte zone all'esterno. Proposto nel formato 15×30 in quattro colori che mettono in evidenza le venature e le sfumature tono su tono. L'effetto legno rappresenta la scelta ideale per chi vuole mantenere il contatto con la natura senza perdere la funzionalità di una materia duratura come il gres porcellanato.

WELCOMING LIKE WOOD

The elegance and warmth of wood inspire the Smart series to recreate settings of authentic naturalness on terraces, balconies, walkways or specific outdoor areas. Available in the 15×30 size in four colours which emphasise the grain and tone-on-tone colour variations.

The wood look constitutes the ideal choice for those wishing to maintain contact with nature without forgoing the functionality of a durable material such as porcelain.

ACCUEILLANT COMME LE BOIS

L'élégance et la chaleur du bois inspirent la série Smart pour recréer des décors qui dégagent une authentique naturalité sur les terrasses, les balcons, les allées ou les espaces extérieurs spécifiques.

Disponibile dans le format 15×30 en quatre couleurs qui soulignent le grain et les variations de couleur ton sur ton. L'aspect bois constitue le choix idéal pour ceux qui souhaitent garder le contact avec la nature sans renoncer à la fonctionnalité d'un matériau durable comme le grès cérame.

EINLADEND WIE HOLZ

Die Eleganz und die Wärme des Holzes inspirieren die Serie Smart, um auf Terrassen, Balkonen, Wegen oder in bestimmten Außenbereichen eine authentische, natürliche Atmosphäre zu schaffen. Erhältlich im Format 15×30 in vier Farben, die die Maserung und die Ton-in-Ton-Farbvariationen betonen. Die Holzoptik ist die ideale Wahl für alle, die den Kontakt zur Natur pflegen wollen, ohne auf die Funktionalität eines dauerhaften Materials wie Feinsteinzeug zu verzichten.

TASTE THE DESIGN

Swimming shake

Una collezione dove il design incontra il gusto, ispirandosi alle emozioni dei cocktail più iconici al mondo.

Con colori giocosi e finiture tattili, Swimming Shake trasforma i vostri spazi in un'esperienza fresca e vivace.

Perché ogni luogo merita il proprio cocktail di stile.

A collection where design meets taste, inspired by the vibrant spirit of the world's most iconic cocktails.

With playful colors and tactile finishes, Swimming Shake transforms your spaces into a fresh and vibrant experience. Because every place deserves its own cocktail of style.

Une collection où le design rencontre le bon goût, inspirée par les émotions suscitées par les cocktails les plus emblématiques au monde.

Avec ses couleurs ludiques et ses finitions tactiles, Swimming Shake transforme vos espaces en une expérience fraîche et vivante. Parce que chaque lieu mérite son propre cocktail de style.

Eine Kollektion, in der Design auf Geschmack trifft und die sich von den Emotionen der legendärsten Cocktails der Welt inspirieren lässt.

Mit verspielten Farben und haptischen Oberflächen verwandelt Swimming Shake Ihre Räume in ein frisches und lebendiges Erlebnis. Denn jeder Ort verdient seinen ganz eigenen Stil-Cocktail.

EXPRESSIVE POWER

Swimming sea

Le ispirazioni materiche si trasformano in texture d'avanguardia.

Mari tropicali, barriere coralline, spiagge, gemme incontrano la contemporaneità negli accostamenti suggestivi di colori glossy.

Una linea di perfetta sintesi tra funzionalità e design.

MADE TO INSPIRE

Swimming pacific

Una collezione in gres porcellanato effetto glossy pensata per rivestire piscine con un'eleganza che vibra di luce e benessere. Ispirata alle isole più affascinanti del Pacifico, questa linea trasforma ogni ambiente in un angolo di paradiso, dove il sole gioca con l'acqua e il tempo sembra fermarsi.

A glossy porcelain collection designed to cover pools with an elegance that vibrates with light and well-being. Inspired by the most fascinating islands of the Pacific, this line transforms any room into a corner of paradise, where the sun plays with water and time seems to stand still.

Une collection en grès cérame effet brillant conçue pour habiller les piscines d'une élégance qui rayonne de lumière et de bien-être. Inspirée des îles les plus fascinantes du Pacifique, cette gamme transforme chaque espace en un coin de paradis, où le soleil joue avec l'eau et où le temps semble s'être arrêté.

Eine Kollektion aus Feinsteinzeug mit Glanzoptik, die dafür konzipiert ist, Schwimmbäder mit einer Eleganz zu verkleiden, die Licht und Wohlbefinden ausstrahlt. Inspiriert von den faszinierendsten Inseln des Pazifiks verwandelt diese Linie jeden Raum in ein Stück Paradies, wo die Sonne mit dem Wasser spielt und die Zeit stillzustehen scheint.

UN TUFFO NELLO SPAZIO

Swimming planet

Swimming planet ci porta nel futuro con una selezione di grafiche originali ispirate ai pianeti: Moon, Neptune, Venus con le loro sfumature tra terra e cielo e Jupiter che aggiunge due tonalità sofisticate ed eleganti particolarmente indicate per la progettazione di aree dedicate al benessere: dark e bronze.

Una versatilità di effetti estetici che apre scenari inaspettati, trasformando le piscine in veri e propri oggetti di design dalle elevate prestazioni tecniche.

A DIVE INTO SPACE

Swimming planet drives us into the future with a selection of revolutionary graphics inspired by planets: Moon, Neptune, Venus with their shades between earth and sky, and Jupiter, which adds two sophisticated and elegant nuances extremely suitable for the design of wellness areas: dark and bronze.

A versatility of aesthetic effects that opens up unexpected scenarios, transforming pools into real design objects with high technical performance.

UNE PLONGÉE DANS L'ESPACE

Swimming planet nous entraîne dans le futur avec une sélection de graphismes révolutionnaires inspirés des planètes : Lune,

Neptune, Vénus avec ses nuances entre terre et ciel, et Jupiter, qui ajoute deux nuances sophistiquées et élégantes très adaptées à la conception d'espaces de bien-être : dark et bronze.

Une polyvalence d'effets esthétiques qui ouvre la voie à des scénarios inattendus, transformant les piscines en véritables objets de design aux performances techniques élevées.

EIN SPRUNG INS WELTALL

Swimming Planet entführt uns in die Zukunft mit einer Auswahl an revolutionären Grafiken, die von Planeten inspiriert sind: Mond, Neptun, Venus mit ihren Schattierungen zwischen Erde und Himmel und Jupiter, der zwei raffinierte und elegante Nuancen hinzufügt, die sich hervorragend für die Gestaltung von Wellnessbereichen eignen: Dunkelheit und Bronze.

Eine Vielseitigkeit an ästhetischen Effekten, die unerwartete Szenarien eröffnet und die Pools in echte Designobjekte mit hoher technischer Leistung verwandelt.

BACIATE DAL SOLE

Swimming pool

Una serie ispirata all'eleganza unica dei marmi, in una tavolozza colori ricca delle sfumature del mare: dal blu più profondo ai toni neutri della sabbia. La superficie lucida e la varietà grafica diventano protagoniste di particolari giochi di luce e mix colori a contatto con l'acqua, assicurando un risultato di grande prestigio dal forte impatto estetico. Ideali come rivestimento piscina, si prestano per conferire un tocco di personale eleganza anche all'interno di Spa.

SUN KISSED

A collection inspired by the unique elegance of marble, in a palette of colours packed with the shades of the sea: from the deepest blue to the neutral tones of sand.

The glossy surface and the graphic variety play the starring role in particular effect of light and mixes of colour in contact with water, generating a highly prestigious result with a strong styling impact.

BAISERS DE SOLEIL

Une collection inspirée de l'élégance unique du marbre, dans une palette de couleurs riche des nuances de la mer : du bleu le plus profond aux tons neutres du sable.

La surface brillante et la variété graphique jouent le rôle principal dans les jeux de lumière particuliers et les mélanges de couleurs au contact de l'eau, générant un résultat très prestigieux avec un fort impact stylistique.

VON DER SONNE GEKÜSST

Eine Serie, die von der Eleganz der Marmorarten inspiriert sind, in einer Farbpalette voller Meeresnuancen: vom tiefsten Blau bis zu den neutralen Tönen des Sandes.

Die glänzende Oberfläche und die grafische Vielfalt spielen die Hauptrolle bei besonderen Lichtspielen und Farbmischungen im Kontakt mit dem Wasser, wodurch ein sehr prestigeträchtiges Ergebnis mit einer starken stilistischen Wirkung entsteht.

POSA IN OPERA

Per superfici da pavimentare molto estese, consigliamo di prestare attenzione alla progettazione delle strutture di sottofondo.

Infatti occorre tener conto dei seguenti fattori:

- 1) la dilatazione termica
 - 2) la deformazione o fessurazione dovute al ritiro o asciugamento dei materiali.
 - 3) Assestamento della struttura.
- Eventuali strati isolanti (tipo vermiculite o argilla espansa) inseriti nel sottofondo, comportano assestamenti dovuti alla minor resistenza, al peso e alla compressione di questi materiali. È opportuno in questi casi inserire nel massetto reti elettrosaldate. La malta deve avere uno spessore di almeno 5 cm.

When very large areas are to be paved, care should be taken when designing the substrate structures.

The following factors must be borne in mind:

- 1) thermal expansion
- 2) deformation or cracking due to shrinkage or drying of the materials
- 3) Settling of the structure.

Any insulating layers (such as vermiculite or expanded clay) included in the substrate lead to settling because of their lower resistance to weight and compression. In these cases, electro-welded reinforcing meshes should be included in the concrete substrate. The concrete must be at least 5 cm thick.

Pour la pose de carrelages sur de grandes surfaces, il convient de réserver toute l'attention voulue à la conception de la chape.

En fait, celle-ci doit tenir compte de plusieurs facteurs:

- 1) la dilatation thermique
- 2) la déformation ou la fissuration dues au retrait ou au séchage des matériaux
- 3) la perte de planéité de la structure due au tassement naturel.

La mise en place de couches d'isolants (type vermiculite ou argile expansée), comporte des modifications de planéité dues à une résistance moins forte, au poids et à la compression de ces matériaux. Dans des cas de ce genre, il est important de placer dans le lit de pose des grillages mécanosoudés. L'épaisseur du mortier doit être au minimum de 5 cm.

Wenn die zu belegenden Böden sehr groß sind, muß besonders auf die Planung des Untergrunds geachtet werden.

Es sind folgende Faktoren zu berücksichtigen:

- 1) Wärmeausdehnung
- 2) Verformung oder Rissebildung wegen Materialchwund oder-trock-nung.
- 3) Setzung der Struktur.

Eventuell in den Untergrund eingefügte Isolierungsschichten (Vermiculit oder Lehm-schaum) bedingen Setzungen aufgrund der geringeren Widerstandsfähigkeit, des Gewichtes und der Zusammendrückung dieser Materialien. In diesem Fall ist es angebracht, elektrogeschweißte Netze in den Untergrund einzufügen. Der Mörtel muß mindestens 5 cm dick sein.

NOI CONSIGLIAMO

come composizione le seguenti percentuali:

- per 1 m³ di sabbia (ø max 3 mm) è da ritenersi valida una quantità di 325:200 kg di cemento, il tutto da miscelarsi con circa 90 litri d'acqua. Durante la stesura del massetto, occorre procedere gradatamente, mantenendo umida la superficie d'appoggio sulla quale si opera. Nel caso di ampie superfici, consigliamo di suddividere il massetto in settori di 4x4 m. Ogni getto corrisponderà ad un settore delimitato da poliuretano o polistirolo espanso di circa 1 cm e di altezza pari al massetto. I reticolati, formati da questi spessori, sono chiamati in gergo tecnico "giunti di costruzione". Sono da prevedersi anche lungo la pareti perimetrali e in prossimità di colonne a scale (giunti di desolidarizzazione). Bisogna far combaciare i giunti del massetto con quelli previsti per il pavimento.

WE RECOMMEND

the following percentage composition:

- for 1 m³ of sand (particle diameter 3 mm max.), a quantity of 325:200 kg of cement should be used, mixed with about 90 litres of water. When laying the concrete, proceed gradually, keeping the underlying surface wet. In case of large areas, the concrete substrate should be divided into sectors of 4x4 m. Each cast section will be bordered with expanded polystyrene or polyurethane about 1 cm thick, reaching through the entire depth of the concrete. These dividers will create a network of "construction joints". They should also be provided along the perimeter walls and close to stair-wells (desolidarization joints). The joints in the concrete must coincide with those between the tiles.

La composition que NOUS PRÉCONISONS

est la suivante:

- pour 1 m³ de sable (ø max. 3 mm), 325-200 kg de ciment représentent une quantité valable. Le tout doit être mélangé à environ 90 litres d'eau. Au cours de la réalisation de la chape, procéder progressivement et veiller à ce que la surface d'appui de travail reste humide. En présence de grandes surface, il est conseillé de partager la chape en secteurs de 4x4 m. Chaque épaisseur coulée correspondra à un secteur délimité par du pol-yuréthane ou par du polystyrène expansé d'environ 1 cm de haut, égal à la chape. Les quadrillages formés par ces épais-seurs sont appelés en jargon technique "joints de construction". Prévoir la même chose le long des murs du périmètre et à proximité des colonnes d'escalier (joints de désolidarisation). Les joints de la chape doivent coïncider avec ceux qui sont prévus pour le carrelage.

WIR EMPFEHLEN

als Zusammensetzung folgende Prozentsätze:

- Für 1 m³ Sand (ø max 3 mm) wird eine Menge von 325:200 kg die Zement als richtig angenommen, zu vermischen mit ca. 90 Liter Wasser. Beim Ausbreiten des Untergrundmörtels stufenweise vorgehen und die Auflagefläche, auf der man arbeitet, feucht halten. Bei großen Flächen empfehlen wir, den Untergrund in Abschnitte von 4x4 m. Jede Schüttung wird einem Abschnitt entsprechen, der durch ca 1 cm dickes Polyurethan oder Schaumpolystyrol in gleicher Höhe des Untergrundmörtels abgegrenzt ist. Die durch diese Zwischenlagen gebildeten Gitter heißen in der Fachsprache "Konstruktionsfugen". Sie sind auch längs der Umfangswände und in der Nähe von Treppen (Trennungsfugen) anzubringen. Die Fugen des Untergrunds müssen mit den für den Fußboden vorgesehenen Fugen übereinstimmen.

ECCO DUE MODI DI POSARE LE PIASTRELLE:

1) Posate le une accostate alle altre
 2) Posate lasciando spazi costanti tra piastrella e piastrella. Consigliamo di lasciare una fuga di 2 mm per i formati rettificati, 3 mm per i non rettificati.
 Questa posa è detta tecnicamente "a giunto aperto". Altro accorgimento sono i giunti del pavimento, tecnicamente detti "giunti di dilatazione". Sono estremamente importanti in quanto attutiscono e assorbono le eventuali dilatazioni del pavimento. Come già detto è necessario far combaciare i giunti del massetto con quelli del pavimento.

THERE ARE TWO WAYS OF LAYING TILES:

- 1) One against the other
- 2) Leaving a uniform gap between one tile and the next.

We recommend a gap of 2 mm for rectified formats, 3 mm for non-rectified. This laying method is known as the "open joint" method. Joints in the floor, known as "expansion joints", are also extremely important, since they absorb any expansion of the floor. As already stated, the joints in the substrate must be made to coincide with those in the floor.

VOICI DEUX MANIÈRES DE POSER LES CARREAUX:

- 1) carreaux posés côte à côte
- 2) carreaux posés en ménageant un espace constant entre deux carreaux.

Nous conseillons de laisser un espace de 2 mm pour les formats rectifiés et de 3 mm pour les formats non rectifiés. Techniquement parlant, il s'agit de la pose "à joints larges". Nous attirons également votre attention sur ce que nous appelons dans notre langage technique les "joints de dilatation". Ils sont extrêmement importants car ils amortissent et absorbent les dilatations éventuelles du sol. Comme nous l'avons déjà dit précédemment, les joints du lit de pose doivent coïncider avec ceux du carrelage.

DIE FLIESEN KÖNNEN AUF ZWEI WEISEN VERLEGT WERDEN:

1) Die Fliesen aneinander angrenzend verlegen.
 2) Beim Verlegen gleich viel Platz zwischen den Fliesen frei lassen. Wir empfehlen einen Abstand von 2 mm für rektifizierte Formate, 3 mm für nicht rektifizierte. Diese Verlegung heißt in der Fachsprache "mit offener Fuge". Des weiteren sind die Fugen des Fußbodens zu berücksichtigen, die in der Fachsprache "Warmdehnungsfugen" genannt werden. Sie sind sehr wichtig, weil sie die eventuellen Dehnungen des Fußbodens schwächen und ausgleichen. Wie bereits gesagt, sind die Fugen des Untergrunds mit denen des Fußbodens in Übereinstimmung zu bringen.

LA POSA DI UN PAVIMENTO PUÒ AVVENIRE IN DUE SISTEMI:

- ① posa a cemento tradizionale
- ② posa con collanti.

Nel **primo caso** consigliamo di adottare i seguenti accorgimenti:

- Non immergere il materiale in acqua prima della posa
- Aumentare lo spolvero di cemento nella quantità di 5-8 kg/m².

- Battere il pavimento con l'apposita macchina fino alla fuoriuscita del cemento liquido dalle fughe.

Nel **secondo caso** consigliamo di:

- Procedere con l'uso di collanti a base cementizia o organica, con l'aggiunta di additivi lattici resinosi
- Preparare la superficie d'appoggio, rendendola perfettamente piana senza inclinazioni e ben pulita
- Preparare il collante: omogeneizzare il tutto meccanicamente o manualmente, lasciando riposare per circa 10-15 minuti.
- Applicare il collante e procedere alla posa: applicare con la spatola dentata, coprendo la parte dove mano a mano si procede alla posa. Le piastrelle andranno appoggiate con una leggera pressione sulla superficie. Per controllare l'adesione, effettuare di tanto in tanto qualche distacco di piastrelle e verificarne la tenuta.

A TILE FLOOR CAN BE LAID USING TWO METHODS:

- ① traditional mortar
- ② adhesive

In the **first case**, the following recommendations should be followed:

- Do not place the material in water before laying
- Increase the quantity of cement powder to 5-8 kg/m²
- Vibrate the floor using the special beater machine until liquid mortar comes out of the joints between the tiles.

In the **second case**, we advise the following:

- Use a cement or organic based adhesive, with the addition of resinous latex additives
- Prepare the substrate, ensuring it is perfectly flat without any dips or rises, and thoroughly cleaned
- Prepare the adhesive: homogenize mechanically or by hand and leave to stand for about 10-15 minutes.
- Apply the adhesive and start laying the tiles: apply with the toothed spreader, covering the substrate gradually as tiles are laid. Press the tiles lightly into the surface. To check adhesion, try to detach a tile occasionally to make sure they are sticking firmly in place.

LA POSE D'UN SOL PEUT S'EFFECTUER DE DEUX FAÇONS:

- ① soit avec du mortier de ciment traditionnel
- ② soit avec du ciment-colle

Dans le **premier cas**, quelques précautions s'imposent:

- ne pas tremper le matériau dans l'eau avant la pose
- augmenter la poudre de ciment de 5 à 8 kg/m²
- damer le sol à la machine jusqu'à ce que le ciment liquide sorte des joints.

Dans le **deuxième cas**, nous vous conseillons de:

- utiliser des colles à base de ciment ou à base organique, adjuvantées d'éléments lactiques résineux
- nettoyer et égaliser la surface d'appui en la rendant parfaitement plane, sans aucune dénivellation;
- préparer le ciment-colle: rendre le tout homogène soit par une opération manuelle, soit à la machine et laisser reposer pendant environ 10-15 minutes;
- appliquer le ciment-colle et procéder à la pose à l'aide d'une spatule crantée en couvrant la partie au fur et à mesure que la pose avance. Exercer une légère pression sur les carreaux posés. Détacher de temps en temps un carreau pour en contrôler l'adhérence et la tenue.

EIN FUSSBODEN KANN MIT ZWEI SYSTEMEN VERLEGT WERDEN:

- ① Herkömmliche Verlegung mit Zement
- ② Verlegung mit Kleber

Im **ersten Fall** ist folgendes zu beachten:

- Das Material nicht vor dem Verlegen ins Wasser tauchen.
- Die Menge des Zementpulvers um 5-8 kg/m² erhöhen.
- Den Fußboden mit der zutreffenden Maschine so lange stampfen, bis der flüssige Zement aus den Fugen heraustritt.

Im **zweiten Fall** raten wir folgendes:

- Kleber auf Zement- oder organischer Basis unter Hinzufügung von latex/harzhaltigen Additiven verwenden.
- Die Auflagefläche vorbereiten; sie muß ganz eben und sauber sein.
- Den Kleber vorbereiten: maschinell oder von Hand fest verrühren und ca. 10-15 Minuten ruhen lassen.
- Jeweils etwas Kleber mit einer gezahnten Spachtel auftragen und die Fliese verlegen, wobei sie leicht anzudrücken ist. Zur Überprüfung des Klebers, ab und zu versuchen, eine Fliese loszulösen und deren Halt überprüfen.

STUCCATURA DELLE FUGHE

FILLING THE GROUTS

JOINTEMENT

VERFUGUNG

La stuccatura del pavimento posato dovrà avvenire il giorno seguente la posa.

Le fughe dovranno essere perfettamente pulite in tutto il loro spessore. Successivamente occorre bagnare accuratamente con una spugna il sottofondo ed il bordo delle piastrelle.

La fuga può essere eseguita con boiacca composta per il 60% da cemento e per il 40% da sabbia, il tutto impastato meccanicamente con acqua. La stuccatura delle fughe viene effettuata con le apposite spatole di gomma, facendo penetrare con particolare cura lo stucco in profondità ed evitando i vuoti d'aria che possono crearsi. Si lascia asciugare il tutto e quando il sigillante inizia a far presa si procede ad esportare l'eccesso con una spugna umida.

I nostri laboratori sconsigliano l'uso di stucchi colorati, i quali, se non vengono rimossi in tempi opportuni, lasciano depositi sulla superficie delle piastrelle. Questo comporta un intervento con trattamento di prodotti chimici specifici in commercio.

La stuccatura colorata è sconsigliata soprattutto nei casi di pavimenti con superficie ruvida e strutturata.

The grouts must be filled the day after the tiles have been laid.

Ensure that the gaps between the tiles are perfectly clean through their entire depth. Then wet the substrate and the edges of the tiles thoroughly with a sponge.

The grouts can be filled with a mortar consisting of 60% cement and 40% sand, mixed mechanically with water. Fill the grouts with the rubber spreader, taking care to ensure that the mortar penetrates in depth and preventing the formation of air pockets. Leave to dry, and when the mortar starts to set, remove the excess with a wet sponge.

Our laboratories advise against the use of coloured grouting mortars, since if they are not removed quickly enough they leave deposits on the surface of the tiles. This must then be eliminated using the specific chemical products available on the market.

Coloured grouting mortars are particularly detrimental in the case of floors with rough or textured surfaces.

Une fois la pose effectuée, le coulage des joints doit avoir lieu le lendemain.

Nettoyer parfaitement les joints sur toute leur épaisseur. Après quoi, mouiller soigneusement, à l'aide d'une éponge, la chape et le bord du carreau.

Le joint peut être rempli avec un coulis, composé de 60% de ciment et de 40% de sable, le tout étant gâché mécaniquement avec de l'eau. Pour la confection des joints, utiliser des spatules spéciales en caoutchouc et faire pénétrer régulièrement le produit en profondeur de manière à éviter la formation de bulles d'air. Laisser sécher le tout et lorsque le produit de jointement commence à prendre, enlever l'excédent avec une éponge humide.

Nos laboratoires déconseillent l'utilisation de produits de jointement colorés car s'ils ne sont pas enlevés à temps, ils laissent des traces à la surface des carreaux. Il faut ensuite réaliser un traitement à base de produits chimiques spéciaux vendus dans le commerce.

L'utilisation de produits de jointement colorés est notamment déconseillée en présence de carrelages dont la surface n'est pas lisse.

Die Verfugung des verlegten Fußbodens ist am nächsten Tag vorzunehmen.

Die Fugen müssen ganz sauber sein, dann mit einem Schwamm den Untergrund und den Flisenrand befeuchten.

Die Verfugung kann mit weißem Mörtel-Zusammensetzung 60% Wasser und 40% Sand erfolgen, der maschinell mit Wasser anzurührend ist. Zum Verfugen sind Gummispachteln zu verwenden und man muß darauf achten, daß der Mörtel tief eindringt und keine Hohlräume verbleiben. Trocknen und anziehen lassen, dann mit einem feuchten Schwamm die übermässige Menge weißen Mörtels abtragen.

Unsere Labors raten von der Verwendung farbiger Fugenmörtel ab, weil sie Spuren auf den Fliesen hinterlassen, wenn sie nicht rechtzeitig abgetragen werden. In diesem Fall wäre dann eine Behandlung mit handelsüblichen chemischen Spezialprodukten nötig.

Die farbige Verfugung ist vor allem bei Fußböden mit rauher, strukturierter Oberfläche nicht zu empfehlen.

NORME DI MANUTENZIONE

Il gres porcellanato porfirizzato massivo ed il gres porcellanato in genere, analogamente ai prodotti naturali, richiede un'attenta manutenzione. Suggeriamo per mantenere al meglio l'aspetto e le caratteristiche originali del prodotto di seguire indicazioni di carattere generale:

a) non lasciare depositare troppo a lungo macchie di sporco sul pavimento, cercando di asportarle prima possibile

b) per ottenere i migliori risultati di pulizia, si consiglia di trattare ogni tipo di macchia con un detergente specifico. Abbiamo riportato nella tabella le principali indicazioni per la pulizia e il tipo di sporco segnalatici dai nostri laboratori. Per macchie particolarmente persistenti si consiglia di lasciare operare il detergente per periodi prolungati (4-8-12 ore)

Per il materiale levigato si consiglia un trattamento antimacchia

Like natural products porphyry stoneware and vitrified stoneware in general requires careful maintenance. We recommend the following procedures to maintain the product's original characteristics and appearance unchanged over time:

a) do not allow dirt marks to remain on the floor too long, but remove them as soon as possible

b) for the best cleaning results, treat every type of mark with a specific detergent. The table contains the main guidelines for cleaning various types of dirt, prepared by our laboratories. For persistent stains, leave the detergent to work for longer periods (4-8-12 hours).

For polished material we recommend the anti-stain treatment.

Comme tout produit naturel, le grès cérame porphyré et le grès cérame en général exigent un soin particulier. Pour conserver au produit toute sa beauté et ses caractéristiques premières, nous vous conseillons de suivre ces quelques indications d'ordre général:

a) ne pas laisser les taches se déposer trop longtemps au sol et intervenir dès que possible pour les enlever;

b) pour que l'entretien donne les meilleurs résultats, traiter chaque type de tache avec un produit de lavage spécifique.

Le tableau ci-après donne des indications générales d'entretien pour différents types de taches signalés par nos laboratoires. En cas de taches particulièrement résistantes, laisser agir le produit plus longtemps (4-8-12 heures).

Pour le matériel poli on conseille le traitement anti-taches.

Massives Porphyr-Steinzeug und allgemeines Steinzeug verlangen, wie Naturprodukte, eine sorgfältige Pflege. Damit das Produkt seine Schönheit und ursprünglichen Eigenschaften beibehält, verweisen wir auf folgende Allgemeinregeln:

a) Flecken nicht lange auf dem Fußboden lassen und bald möglichst entfernen.

b) Zur optimalen Reinigung empfiehlt es sich, jeden Fleck mit dem speziell dafür vorgesehenen Reinigungsmittel zu behandeln. In der Tabelle sind die von unserem Labor mitgeteilten wichtigsten Reinigungshinweise und die Arten des Schmutzes angegeben. Bei besonders hartnäckigen Flecken, das Reinigungsmittel längere Zeit (4-8-12 Stunden) einwirken lassen.

Es empfiehlt sich das polierte Material einer anti-fleckenbehandlung zu unterziehen.

PRIMA PULIZIA

La manutenzione del Gres Fine Porcellanato è particolarmente semplice. Occorre anzitutto che, dopo la posa, il pavimento sia stato correttamente pulito e non presenti tracce di calce, cemento o residui di altro genere. Per evitare che un eventuale prodotto a base acida, usato per la prima pulizia, vada ad intaccare il riempimento a base cementizia delle fughe, è necessario, prima della operazione di pulizia, bagnare il pavimento affinché le fughe vengano impregnate e pertanto protette dall'azione corrosiva dell'acido stesso. Se la prima pulizia deve essere fatta dopo che il pavimento è stato usato, sarà bene, prima del trattamento, del prodotto acido, togliere con appositi detersivi eventuali presenze di sostanze grasse o simili. Dopo la pulizia occorre risciacquare abbondantemente il pavimento, raccogliendo poi l'acqua residua.

INITIAL CLEANING

The fine porcelain stoneware is very easy to look after. First of all, make sure that after laying, the floor has been properly cleaned and does not show traces of lime, cement or other residues. To prevent any acid-base product, used for initial cleaning, attacking the cement-base filling of the joints, before starting cleaning operations, wet the floor until the joints are soaked and thus protected from the corrosive action of the acid. If initial cleaning is done after the floor has been used, before the acid-product treatment, it is best to remove any grease or similar with a detergent product. After cleaning, swill the floor well and dry up excess water.

PREMIER NETTOYAGE

L'entretien du grès cérame est particulièrement simple. Tout d'abord, vérifier si le sol a été correctement nettoyé après la pose et s'il ne présente plus de traces de chaux, ciment ou résidu de toute autre nature. Pour éviter qu'à sa première utilisation un produit de lavage acide n'attaque le remplissage des joints à base de ciment, il est recommandé de mouiller le sol avant de le laver afin que les joints soient imprégnés et par conséquent protégés contre l'action corrosive de cet acide. Si le premier nettoyage a lieu sur un carrelage déjà utilisé, il convient, avant de la traiter avec le produit acide, d'enlever, à l'aide de détergents, toute trace de gras ou de matières semblables. Après le nettoyage, rincer abondamment le carrelage et enlever l'eau résiduelle.

ERSTE REINIGUNG

Das Feinsteinzeug ist sehr leicht zu pflegen. Vor allem muß man sich vergewissern, daß der Fußboden nach der Verlegung ordnungsgemäß gereinigt wurde und keine Spuren von Kalk, Zement oder andersartigen Rückständen aufweist. Um zu vermeiden, daß bei der ersten Reinigung ein evtl. säurehaltiges Produkt den Fugenzement angreift, muß der Fußboden vor der Reinigung naß gemacht werden. Auf diese Weise nehmen die Fugen Wasser auf und sind gegen den Angriff der Säure geschützt. Wenn der Fußboden erstmalig zu reinigen ist und bereits betreten wurde, vor der Behandlung mit dem säurehaltigen Produkt evtl. vorhandene Spuren von Fett oder ähnlichem Schmutz mit Reinigern beseitigen. Nach der Reinigung der Fußboden gründlich mit Wasser nachspülen und trockenwischen.

CONDIZIONI GENERALI DI VENDITA

1. NORMATIVA CONTRATTUALE

Le presenti condizioni generali, salvo modificazioni o deroghe concordate per iscritto, disciplinano tutti i contratti di vendita fra la Ceramica Valsecchia (d'ora in poi, brevemente, anche Venditore) e l'Acquirente. Le variazioni delle condizioni generali di vendita, le offerte, gli accrediti o gli abbuoni accordati dai nostri agenti o altri intermediari, non sono validi se non accettate per iscritto dalla nostra sede. Se una o più parti delle presenti condizioni risultassero invalide, le condizioni generali resteranno valide nel loro complesso; le parti invalide saranno sostituite con pattuizioni che si avvicinano quanto più possibile alla originaria volontà delle parti. Ogni offerta, ogni accettazione d'ordine ed ogni consegna da parte del Venditore si intende fatta alle presenti condizioni, salvo espressa deroga scritta a firma del Venditore stesso; l'accettazione di tali offerte e la presa in consegna di prodotti provenienti dal Venditore implica pertanto l'accettazione da parte degli acquirenti delle presenti condizioni integrate dalle eventuali pattuizioni scritte tra le parti. L'esecuzione del contratto di vendita è convenzionalmente stabilita aver luogo nella sede del Venditore.

2. OGGETTO DELLA FORNITURA E CONFERMA D'ORDINE

Le illustrazioni e le descrizioni dei cataloghi e dei listini, tutte le nostre pubblicazioni ed i campionari non sono impegnativi ma puramente indicativi. Le dimensioni dei prodotti soggetti a calibro, in particolare dei pavimenti in porcellana dura smaltata e gres-porcellanato, sono da intendersi con le tolleranze d'uso. Le tonalità dei materiali s'intendono sempre approssimative e le eventuali differenze di tonalità non costituiscono difetto del materiale e non possono essere denunciate come tali. Misure, pesi e caratteristiche indicate nei nostri listini debbono intendersi indicativi. La fornitura comprende solamente le prestazioni, i materiali ed i quantitativi specificati nella conferma d'ordine o in altre comunicazioni scritte provenienti dal Venditore. Il testo della conferma d'ordine del Venditore prevarrà in ogni caso sul testo difforme dell'eventuale offerta o dell'ordinazione. L'ordine non confermato per iscritto in nessun caso potrà intendersi accettato, salvo esecuzione del medesimo da parte del Venditore mediante comunicazione scritta di merce pronta, di spedizione o mediante consegna dei prodotti. L'esecuzione parziale dell'ordine senza preventiva conferma, non significa approvazione per l'intero ordine, bensì approvazione parziale relativamente alla merce consegnata. In questo caso la consegna della merce al vettore equivarrà ad accettazione da parte dell'Acquirente della nuova proposta contrattuale. Merci ordinate per errore o ordinate in eccedenza da parte dell'Acquirente, come pure quelle invendute, non vengono ritirate da parte del Venditore.

3. CONSEGNE

La consegna si intende eseguita presso lo stabilimento del Venditore. La merce viaggia sempre a rischio e pericolo dell'Acquirente ed ogni nostra responsabilità cessa con la consegna al vettore. Sono quindi a carico del Compratore anche i rischi di eventuali rotture, manomissioni e/o deterioramenti. Le spedizioni, via mare o via terra, concernenti forniture sull'estero, vengono effettuate in base alle condizioni scelte di volta in volta, riportate negli "Incoterms" approvati dalla Camera di Commercio Internazionale.

4. TERMINI DI CONSEGNA

Il termine stabilito per la consegna della merce deve intendersi a favore di entrambi i contraenti. I termini di consegna sono solamente indicativi e non perentori. Eventuali ritardi nelle consegne, interruzioni, sospensioni totali o parziali delle forniture non daranno diritto al Compratore ad annullare ordini o a pretendere il risarcimento di eventuali danni diretti o indiretti. Il Venditore si riserva espressamente di poter eseguire consegne parziali a fronte di ciascun ordine.

5. FORZA MAGGIORE

Il Venditore non è responsabile nei confronti dell'Acquirente per il proprio eventuale inadempimento causato da accadimenti al di fuori del suo ragionevole controllo quali, a titolo meramente indicativo, mancata o ritardata consegna dei materiali di lavorazione da parte dei fornitori, guasti agli impianti, scioperi e altre azioni sindacali, interruzione dei flussi energetici, sospensione o difficoltà nei trasporti. Ogni evento di forza maggiore sospende la decorrenza del termine per tutta la sua durata. Se, in conseguenza di even-

ti di forza maggiore, il contratto non potrà trovare esecuzione entro i 60 giorni successivi al termine convenuto, ognuna delle due parti avrà la facoltà di recedere dal contratto stesso. In tal caso la dichiarazione di recesso dovrà essere spedita alla controparte, a mezzo lettera raccomandata con ricevuta di ritorno o p.e.c. entro i 10 giorni successivi allo scadere dei predetti 60 giorni, restando esclusi i reciproci diritti a indennizzi od a risarcimenti.

6. PREZZI E TERMINI DI PAGAMENTI

I prezzi dei prodotti indicati nei cataloghi vigenti sono EXW (Franco Fabbrica); ne consegue che qualsiasi altro onere relativo alla spedizione, consegna e/o trasporto è a esclusivo carico dell'Acquirente. I prezzi si intendono al netto di IVA di legge, che deve essere corrisposta in conformità a quanto indicato in fattura. Il luogo di pagamento è fissato presso la nostra Sede Amministrativa in Villalunga di Casalgrande (RE), anche nel caso di emissione di tratte, ricevute bancarie, LCR, ovvero di rilascio di effetti cambiari: eventuale deroga a quanto sopra sarà valida soltanto se da noi concessa in forma scritta.

Il ritardo del pagamento, anche parziale, delle nostre fatture oltre la pattuita scadenza, darà luogo come previsto per legge all'automatica decorrenza degli interessi di mora, calcolati in conformità a quanto previsto dal D. Lgs. n. 231 del 2002, così come successivamente modificato, inoltre il mancato o ritardato pagamento anche parziale delle fatture - per qualsivoglia ragione - darà diritto al Venditore, impregiudicata ogni altra iniziativa, di pretendere il pagamento anticipato delle restanti forniture o, in alternativa, il diritto di sospendere le forniture o di risolvere i contratti in corso, anche se non relativi ai pagamenti in questione, nonché il diritto al risarcimento degli eventuali danni. Non è ammessa la compensazione da parte dell'Acquirente con eventuali crediti, comunque insorti, nei confronti del Venditore. Per la fatturazione valgono i prezzi di listino in vigore al giorno della consegna. In caso di un cambiamento dei prezzi tra la conferma d'ordine ed il giorno della fornitura, il Venditore ha il diritto di adeguare i prezzi pattuiti alla nuova situazione. Tuttavia qualora detto prezzo superi del 20% quello convenuto al momento dell'ordine, l'Acquirente potrà recedere dal contratto mediante invio di comunicazione scritta con raccomandata a.r. o a mezzo p.e.c. entro il termine perentorio di 10 gg dal ricevimento dell'avviso dell'aumento di prezzo presso la nostra sede amministrativa in Villalunga di Casalgrande (RE). In difetto, il nuovo prezzo s'intenderà accettato.

7. SOLVE ET REPETE

Nessuna contestazione o controversia inerente alla qualità della merce, a vizi o difetti, o a qualsiasi altro aspetto del contratto, sarà efficace e potrà essere presa in considerazione, e così pure nessuna azione potrà essere iniziata se non dopo l'avvenuto integrale pagamento della fornitura.

8. RISERVA DI PROPRIETÀ

Nel caso in cui il pagamento, per accordi contrattuali, debba essere effettuato - in tutto o in parte - dopo la consegna, i prodotti consegnati restano di proprietà del Venditore fino all'integrale pagamento della fornitura. La merce oggetto di riserva di proprietà dovrà essere, a cura dell'Acquirente, tenuta fisicamente da parte e individuata come proprietà del Venditore.

9. GARANZIA E RECLAMI

I prodotti realizzati dal Venditore sono conformi alle Norme UNI ed EN attualmente in vigore. La nostra garanzia è limitata ai materiali di prima scelta. Qualsiasi garanzia per vizi è quindi espressamente esclusa per i materiali di seconda e di terza scelta o di stock e per le partite occasionali. Tali materiali sono venduti come "visti e graditi". I materiali in 1° scelta vengono garantiti conformi alle Norme ISO vigenti al momento della vendita con una tolleranza del 5% (cinque per cento); la tonalità del materiale fornito può differire dal campione esposto, essendo la ceramica intrinsecamente variabile come aspetto. Per quanto qui non espressamente stabilito, i prodotti vengono venduti con riferimento alle regole dell'arte ed alle consuetudini comunemente in uso nel settore ceramico ed ai consigli di utilizzo riportati nel nostro catalogo generale. È fatto obbligo all'Acquirente di verificare la merce in termini di qualità e quantità. Eventuali reclami e contestazioni dovranno essere denunciati, entro e non oltre 8 (otto) giorni dal ricevimento della merce, a

pena di decadenza dal diritto alla garanzia, a mezzo lettera raccomandata a.r. o mediante p.e.c., presso la nostra sede amministrativa in Villalunga di Casalgrande (RE). Il materiale considerato difettoso dovrà essere tenuto a disposizione di Ceramica Valsecchia per le verifiche che riterrà opportuno effettuare; ogni ulteriore azione (restituzione, riparazione o altro) dovrà essere da noi preventivamente autorizzata per iscritto. Il materiale contestato e/o da rendere deve essere immagazzinato dal Compratore in modo adeguato, al riparo da agenti atmosferici, così da evitare eventuali danneggiamenti. Reclami e richieste di intervento in garanzia dopo la posa in opera non saranno presi in esame nel caso in cui il difetto contestato dovesse risultare palese (es. sbeccate, difetti dimensionali, differenze di tono, ecc.). I reclami imputati a difetti o vizi occulti dovranno essere formalizzati per iscritto mediante lettera raccomandata a.r. o p.e.c. presso la nostra sede amministrativa in Villalunga di Casalgrande (RE) entro 8 (otto) giorni dalla scoperta e, in ogni caso, entro un anno dalla consegna, pena la decadenza da ogni diritto alla garanzia e la prescrizione del diritto al risarcimento. La comunicazione dovrà contenere, oltre i dati di fatturazione, una precisa descrizione del vizio, un preventivo dei costi di riparazione o modificazione del prodotto; in mancanza di questi dati il reclamo si considera nullo. La garanzia per difetti occulti rimane esclusa o limitata nel caso di: rimozione non autorizzata dell'opera, posa non effettuata a regola d'arte, inosservanza delle nostre prescrizioni e particolari direttive di applicazione, atti di danneggiamento non ispirati alla normale diligenza che abbiano pregiudicato il contenimento dei danni. L'utilizzo di merce visibilmente difettosa o difforme all'ordinato implica accettazione delle caratteristiche di qualità ed esclude ogni eventuale contestazione. Qualora il reclamo dovesse risultare infondato l'Acquirente dovrà risarcire il Venditore di tutte le spese sostenute per l'accertamento (viaggi, perizie, ecc.). L'obbligo di Ceramica Valsecchia è, in ogni caso, limitato alla sostituzione dei soli pezzi difettosi o alla riparazione, con espressa esclusione di ulteriori diversi indennizzi quali, a titolo indicativo ma non limitativo, per costi di rimozione e risistemazione di mobilio, attrezzature, macchinari ecc., mancati guadagni per interruzione o sospensione di attività, disagi, danni indiretti ecc. La presenza di piastrelle difettose non inficia la qualità dell'intera fornitura né comporta l'obbligo della integrale sostituzione. I limiti temporali della durata della **garanzia** sono quelli stabiliti dal codice civile italiano.

10. CESSIONE DEL CONTRATTO

L'Acquirente non può cedere la sua posizione nel contratto od in singoli rapporti obbligatori da questo derivanti senza l'accettazione scritta del Venditore: anche in tal caso l'Acquirente rimane comunque solidalmente responsabile col cessionario per le obbligazioni cedute.

11. LEGGE APPLICABILE E FORO COMPETENTE

Le presenti Condizioni di Vendita e ciascun contratto stipulato tra Venditore e Acquirente, ivi compresi i contratti di vendita all'esportazione, sono regolati dalla legge Italiana. Per qualsiasi controversia comunque derivante dal contratto di fornitura, tanto da parte di Ceramica Valsecchia come da parte dell'Acquirente, è esclusivamente competente il Tribunale di Reggio Emilia. È comunque in facoltà del Venditore adire autorità giudiziarie diverse.

12. PROPRIETÀ INDUSTRIALE E DISTRIBUZIONE SELETTIVA - LIMITI ALLA RIVENDITA

Ceramica Valsecchia è titolare e legittimo detentore di esclusive relative ai marchi, a disegni e brevetti di invenzione. Ceramica Valsecchia gestisce le forniture dei propri prodotti mediante un sistema di distribuzione selettiva. Le forniture ricevute da Ceramica Valsecchia e dai propri punti vendita selettivi autorizzati sono destinate all'installazione presso l'utente finale e non è consentita altra forma di rivendita a ulteriori intermediari commerciali diversi dagli utenti finali, salvo preventiva autorizzazione scritta da parte di Ceramica Valsecchia. La rivendita della merce in violazione di tale divieto deve considerarsi non consentita e Ceramica Valsecchia si riserva il diritto di procedere giudizialmente nei confronti di chiunque sia coinvolto in rivendite non autorizzate.

GENERAL TERMS AND CONDITIONS OF SALE

1. CONTRACTUAL PROVISIONS

The general terms and conditions herein, barring any amendments or dispensations agreed upon in writing, govern all sales contracts between Ceramica Valsecchia (hereinafter simply also the Seller) and the Purchaser. Changes to the general terms and conditions of sale, quotes, credit notes or allowances granted by our agents or other intermediaries are not valid unless they have been accepted in writing by our head office. If one or more of the terms and conditions herein should prove invalid, the general terms and conditions shall remain valid as a whole; the invalid parts shall be replaced by agreements which are as close as possible to the parties' original intentions. Every quote, order confirmation and delivery by the Seller is considered to have been made under the terms and conditions herein, barring express written dispensation signed by the Seller in person; acceptance of such quotes and acceptance of delivery of products from the Seller therefore implies the acceptance on the part of the purchasers of the terms and conditions herein, supplemented by any written agreements between the parties. Fulfilment of the sales contract is conventionally established as taking place on the Seller's premises.

2. SUBJECT OF THE SUPPLY AND ORDER CONFIRMATION

The illustrations and descriptions in catalogues and price lists, all our publications and sample sets are non-binding and purely indicative. The dimensions of products subject to sizing, particularly of floors in hard glazed porcelain and porcelain stoneware, shall be understood to be within the tolerance of use. The colours of the materials are always understood to be approximate and any differences in shade do not constitute a material defect and cannot therefore be reported as such. The measurements, weights and characteristics specified in our price lists shall be understood to be indicative. The supply solely includes the services, the materials and the quantities specified in the order confirmation or in other written communications from the Seller. The wording of the Seller's order confirmation shall prevail in any case over any wording which differs from the possible quote or order. Orders not confirmed in writing may under no circumstances be deemed to be accepted, unless it is fulfilled by the Seller in the form of written communication that the goods are ready, of dispatch or delivery of the products. Partial fulfilment of the order without prior confirmation does not entail the approval of the entire order, but rather the partial approval regarding the goods delivered. If this is the case, delivery of the goods to the carrier will be tantamount to the acceptance on the part of the Purchaser of the new contractual proposal. Goods ordered by mistake or ordered in excess by the Purchaser, as well as unsold goods, shall not be withdrawn by the Seller.

3. DELIVERIES

Delivery shall be deemed to have been made at the Seller's plant. Goods always travel at the Purchaser's risk and under their responsibility so our liability ceases at the time of their delivery to the carrier. The Purchaser is therefore also liable for risks of possible breakages, tampering and/or deterioration. Shipments, by sea or by land, concerning suppliers abroad, are made under the terms and conditions agreed upon each time, set out in the "Incoterms" approved by the International Chamber of Commerce.

4. DELIVERY DATES

The agreed delivery date should be understood to be in favour of both contractors. Expected delivery dates are solely indicative and not mandatory. Any delays in deliveries, interruptions, total or partial suspensions of supplies shall not entitle the Purchaser to cancel orders or to claim compensation for any direct or indirect damages. The Seller expressly reserves the right to make partial deliveries for each order.

5. FORCE MAJEURE

The Seller is not liable towards the Purchaser for their own failure to fulfil their obligations caused by events beyond their reasonable control, such as, merely for example, failure or delayed delivery of the processing materials by suppliers, plant failures, strikes and other trade union actions, interruption in the energy supply, suspension or difficulties in transportation. Every event of force

majeure shall suspend the expected delivery date for the full duration of the said event. If, as a result of events of force majeure, the contract cannot be fulfilled within 60 days after the agreed date, either party shall be entitled to withdraw from the contract itself. If this is the case, the declaration of this withdrawal shall be sent to the other party by registered letter with advice of receipt or by certified e-mail within 10 days after the aforementioned 60 day-period, without prejudice to the mutual rights to compensation or damages.

6. PRICES AND TERMS OF PAYMENT

The product prices specified in the catalogues currently in force are EXW (Ex Works); consequently, any other charge relating to shipment, delivery and/or transportation lies under the sole responsibility of the Purchaser. Prices are understood to be net of legal VAT, which must be paid in accordance with the information provided on the invoice. The place of payment is set as being at our Administrative Headquarters in Villalunga di Casagrande (RE), also in the case of issuing of drafts, cash orders or bills of exchange: any dispensation from the above shall only be valid if granted by us in writing. Delayed payment, even partial, of our invoices after the agreed due date shall give rise - as set out by the law - to the automatic accruing of interest on arrears, calculated in accordance with the provisions of Italian Leg. Decree no. 231 of 2002, as subsequently amended; moreover, non-payment or delayed payment - including partial - of invoices whatever the reason shall entitle the Seller, without prejudice to any other initiative, to demand the advance payment of the remaining supplies or, alternatively, to suspend the supplies or terminate ongoing contracts, even if these do not relate to the payments in question, as well as to claim compensation for any damages. Compensation by the Purchaser is not permitted in the form of credit notes, however incurred, towards the Seller. The list prices in force on the day of delivery apply for invoicing. In the event of a change in prices between the order confirmation and the day of the supply, the Seller is entitled to adjust the agreed prices to the new situation. Nevertheless, if the said price exceeds the agreed price at the time of order by 20%, the Purchaser may withdraw from the contract by sending written notification thereof by registered letter with advice of receipt or by certified e-mail within the mandatory deadline of 10 days from receipt of the price rise notice to our administrative headquarters in Villalunga di Casagrande (RE). Otherwise the new price shall be deemed to be accepted.

7. SOLVE ET REPETE

No claim or dispute concerning the quality of the goods, defects or flaws, or any other aspect of the contract, shall be effective and may be taken into account, and no action may be taken until after the full payment of the supply has been made.

8. RESERVATION OF TITLE

In the event that payment, by contractual agreement, must be made - in whole or in part - after delivery, the delivered products remain the property of the Seller until the full payment of the supply has been made. The goods subject to the reservation of title shall be physically set aside by the Purchaser and identified as the property of the Seller.

9. GUARANTEE AND CLAIMS

The products made by the Seller conform to the UNI and EN standards currently in force. Our guarantee is limited to first-choice materials. Any guarantee for flaws is therefore expressly excluded for second- and third-choice materials or stock materials and for occasional consignments. These materials are sold "as is". First-choice materials are guaranteed as conforming to the ISO standards in force at the time of sale with a tolerance of 5% (five percent); the colour of the material supplied may differ from the sample displayed, since ceramic is inherently variable in its appearance. For all issues not expressly set out herein, the products are sold with reference to the customary professional standards and rules in use in the ceramic sector and to the recommendations of use specified in our general catalogue. The Purchaser is obliged to inspect the goods in terms of quality and quantity. Any complaints and disputes must be reported within 8 (eight) days of receipt of the goods, on penalty of forfeiture of the right

to the guarantee, by registered letter with advice of receipt or certified e-mail, to our administrative headquarters in Villalunga di Casagrande (RE). The material considered as faulty must be kept at the disposal of Ceramica Valsecchia for the inspection the latter deems appropriate to carry out; any further action (return, repair or other) must be authorised by us in advance in writing. The material disputed and/or to be returned must be stored by the Purchaser in an appropriate manner, protected against atmospheric agents, so as to avoid any damage. Claims and requests for work under guarantee after installation will not be considered in the event that the defect in question is obvious (e.g. chipped tiles, dimensional defects, differences in colour, etc.). Claims attributed to hidden defects or flaws must be lodged formally in writing by registered letter with advice of receipt or by certified e-mail to our administrative headquarters in Villalunga di Casagrande (RE) within 8 (eight) days of their discovery and, in any case, within one year of delivery, on pain of forfeiture of any other right to the guarantee and the right to compensation. In addition to the invoicing data, the claim must contain a precise description of the defect, a quotation of the costs of repair or modification of the product; in the absence of these data the claim shall be considered null and void. The guarantee for hidden defects remains void or limited in the case of: unauthorised removal of the work, installation not carried out professionally, non-compliance with our requirements and particular directives of application, damages resulting from lack of normal diligence which have affected the containment of the said damages. The use of goods that are visibly defective or different from those ordered implies acceptance of the quality characteristics and excludes any eventual future claim. If the claim is found to be unfounded, the Purchaser shall compensate the Seller for all expenses incurred in the investigation (trips, appraisals, etc.). The obligation of Ceramica Valsecchia is, in any case, limited to the replacement of defective parts only or to their repair, with the express exclusion of other different compensation such as, for example but in no way limited to: the costs of removing and reinstalling furniture, equipment, machinery, etc., loss of earnings due to interruption or suspension of activities, inconvenience, indirect damage etc. The presence of defective tiles does not affect the quality of the entire supply nor does it entail the obligation of complete replacement. The time limits for the duration of the guarantee are those set out by the Italian Civil Code.

10. TRANSFER OF THE CONTRACT

The Purchaser may not transfer their position in the contract or in individual mandatory relationships deriving therefrom without the written acceptance of the Seller: also in this case, the Purchaser remains in any case jointly responsible with the transferee for the obligations transferred.

11. APPLICABLE LAW AND COURT WITH JURISDICTION

The Terms and Conditions of Sale herein and every contract entered into by the Seller and the Purchaser, including export sales contracts, are governed by Italian law. For any and all disputes arising from the supply contract, either from Ceramica Valsecchia or from the Purchaser, the Court with sole jurisdiction is the Court of Reggio Emilia. It is in any case the Seller's right to call upon different judicial authorities.

12 INDUSTRIAL PROPERTY AND SELECTIVE DISTRIBUTION - LIMITS ON RESALE

Ceramica Valsecchia is the owner and legitimate holder of exclusive rights relating to the trademarks, designs and invention patents. Ceramica Valsecchia manages the supply of its products through a selective distribution system. The supplies received from Ceramica Valsecchia and its authorised selective stores are intended for installation on the end user's premises and no other form of resale is permitted to any other commercial intermediaries other than the end users, unless written permission is given by Ceramica Valsecchia. Resale of the goods in violation of this prohibition must be considered as not permitted and Ceramica Valsecchia reserves the right to take legal action against anyone involved in unauthorised resales.

Le informazioni contenute nel presente catalogo sono il più possibile esatte, ma non sono da ritenersi legalmente vincolanti.

Per esigenze di produzione l'Azienda si riserva il diritto di apportare eventuali modifiche che si rendessero necessarie. Peso, colori e misure sono soggetti alle inevitabili variazioni tipiche del processo di cottura della ceramica. I colori si avvicinano il più possibile a quelli reali nei limiti consentiti dai processi di stampa.

The information contained in this catalogue is as accurate as possible, but cannot be considered as legally binding.

The Company reserves the right to make any modifications that become necessary due to production requirements. Weight, colours and dimensions are subject to the inevitable variations typical of the ceramic firing process. The colours are as close as possible to the actual colours, within the limits allowed by the printing process.

Les informations reprises dans ce catalogue sont exactes, mais elles n'engagent aucunement notre Société du point de vue légal.

Pour des exigences de production la Société se réserve le droit d'apporter toutes les modifications qui s'avèreraient nécessaires. Les poids, les couleurs et les dimensions sont assujettis aux variations typiques du processus de cuisson de la céramique. Les couleurs sont très proches des teintes naturelles, dans les limites admises par les processus d'impression.

Die Informationen des vorliegenden Katalogs sind so exakt wie möglich, sind jedoch nicht als gesetzlich verbindlich zu betrachten.

Aus Fertigungsgründen behält die Firma sich das Recht vor, eventuell notwendige Änderungen vorzunehmen. Gewicht, Farben und Abmessungen unterliegen den unvermeidlichen Veränderungen, die für den Brennvorgang von Keramikprodukten typisch sind. Die Farbtöne entsprechen weitestmöglich den realen Farben, soweit der Druckvorgang dies zulässt.
